## Celebration of Holy Communion

*Above All*

All who trust in the Lord Jesus Christ for forgiveness of sins and salvation, and seek to follow in His ways, are invited to share in this Holy Meal. Communion will be served to you in your seat. When you receive the elements please wait until all have been served.

The wafer is under the top cellophane seal, the grape juice is under the aluminum foil seal. We'll consume the meal together. In remembrance of Jesus Christ & in thanksgiving for all He offers us we share.

Following Communion, during the Closing Song, Pastor George & a Prayer Team member will be in the Prayer Room off the lobby. If you would like someone to pray with/for you, please stop by the prayer room.

**Some suggested Right Now Videos** to view in response to this week's message:

**Spiritual Simplicity**, by Chip Ingram- If You Crave Simplicity...And yearn for peace and calm, this group study is for you. Through Biblical teaching and practical insights, Chip Ingram goes beyond so-called quick fixes. This series speaks to men and women who know what they need to do, want desperately to do it, but find it next to impossible to break free of the "too many good and important things" that flood their lives. The thesis is shockingly simple: spiritual simplicity can only occur when we do less and love more. The time-tested Biblical principles explored in this study fly in the face of long checklists designed to decrease stress and increase productivity. Instead, it will help you experience a shift from complex to simple, from hurried to peaceful, from "never enough time" to "time enough for those you love." Lasting change is within your reach! Take the steps today to learn how to run the race of life at a different, more meaningful speed by focusing on what matters most: LOVE.

**Making Things Simple**, by Dan Cathy- In this video, Chick-fil-A CEO Dan Cathy talks about the importance of focus and simplicity in business.

**Keep it Simple**, by David Glass & Don Soderquist- David Glass & Don Soderquist, retired CEO & COO of Walmart, share lessons about the benefits of simplicity and learning from one's mistakes.
