**Listening to God in a Time of Crisis**, by Nicky Gumbel & Bobby Gruenewald- How do you hear the voice of God? What does God say in times of global crisis? In this 4-session series, Bobby Gruenewald, founder of the YouVersion Bible App, interviews Nicky Gumbel, the pioneer of Alpha and Vicar of HTB in London, to discuss these very questions. Nicky starts by sharing some simple practices that help him listen to God. He then goes on to present three key challenges that he senses God is calling us all to respond to: greater unity in the Church, prioritising evangelism, and daily reliance on the Holy Spirit.

**Communication**, by Henry Cloud- Improving Listening Skills... Listening is one of the most important skills a person can have. Among other reasons, it is key in building trust and reaching solutions. And like any other behavior, you shouldn't assume others already know how to do it. In this video, Dr. Cloud teaches you how to improve your listening skills.

**Listening**, by Henry Cloud- It's the financial crisis of 2008 and you are the leader of one of the world's largest banks. How will you navigate the storm? How can you ensure your businesses' survival? Today we dine in the Big Apple with a CEO who did just that. After coming out the other side of the banking meltdown, he has a lot of valuable insights to share. We asked him about the most important of those lessons...and the answer may surprise you. Join Dr. Henry Cloud as he travels to New York City and focuses on this critical aspect of leadership.
