

Here's what happens...

God appears to Moses in a burning bush. God tells Moses to lead the Israelites out of Egypt, where they're slaves. Moses doesn't want to and has a lot of excuses. But God assures him, "I Am Who I Am." God doesn't change; he's the same God today!

Bible Point:

God doesn't change, so we trust him when we're unsure.

"Have you never heard? Have you never understood? The Lord is the everlasting God, the Creator of all the earth. He never grows weak or weary. No one can measure the depths of his understanding" (Isaiah 40:28).

Through the Week

Play this fun game to explore changing.

- Choose one person to leave the room.
- Everyone else will change one thing about his or her appearance—for example, removing glasses or jewelry, rolling up shirt sleeves, or changing a hairdo.
- The person who left the room will return and try to guess what changed about each person.
- Play several rounds, sending a new family member out of the room each time.
- After the game, talk about what it was like trying to keep up with all the changes. What made it easy or hard?
- Pray together and thank God that he never changes. You never need to play guessing games about who God is!
