

FAMILY AT ITS BEST... Our current message series is based on 1st John.

In the early church there was a beautiful and powerful understanding of family. This was evident not just in households among those who were connected biologically or by marriage; it was evident in the church and a major attraction to Christianity by those outside the faith.

In this series we will do a deep dive into the "Hows" and "Whys" of living as "Family" - be it in your household, community groups and sports teams, as well as in New Life Church.
